THE ART OF CONTEMPORARY

Trendsetter, the simple design of the **Urban** garage door from **GAREX** is the perfect complement to the modern architectural style of your home.

Offered in various colors, this garage door fits the personality of the home and its owner. It holds the quality and durability requirements you are looking for.

The Urban door offers several advantages:

- Insulated garage door designed to be energy efficient with R-16 thermal resistance value;
- A esthetically appealing that boost your home's curb appeal as on average, garage doors make up 30% of what passerby will see of your home;
- Manufactured using premium quality parts and components that ensure maximum performance, value, and peace of mind;
- Rollers and hardware providing you with a quieter and smooth operation of the garage door;
- Features the new Rot-Proof Extruded Polystyrene XPS End Block that offers several advantages to the traditional wood end blocks.

TECHNICAL INFORMATION

Door elements

- 1 WEATHERSTRIP AND HORIZONTAL JOINTS** provide complete watertightness. No air circulation between the panel sections.
- 2 POLYURETHANE FOAM INSULATION PRESSURE-INJECTED** between the interior/exterior faces to create a light and strong composite panel. **Insulation: RSI 2.81 (R-16)**
- 3 EXTRUDED POLYSTYRENE XPS END BLOCK** **AN EXCLUSIVITY OF GAREX** offers better friction to screwing, preventing screws from loosening, improves the rigidity of the panel, better mechanical resistance, and better resistance to moisture (the extruded polystyrene XPS end block is rot-proof).
- 4 FLEXIBLE RUBBER** inserted into a PVC reinforced moulding offering a tightly sealed fit to the floor.
