

YOUR SATISFACTION  
IS OUR COMMITMENT

## THE ORIGINAL REDESIGNED

A precious heritage, here is a style that is distinguished by its sobriety and elegance. The applied moldings enhance the architectural character of your property either being modern, traditional or rural.

The oversized Heritage molding can be positioned where it's needed.

The *Seigneurie Heritage* door offers several advantages:

- Insulated garage door designed to be energy efficient with R-16 thermal resistance value;
- A esthetically appealing that boost your home's curb appeal as on average, garage doors make up 30% of what passerby will see of your home;
- Manufactured using premium quality parts and components that ensure maximum performance, value, and peace of mind;
- Rollers and hardware providing you with a quieter and smooth operation of the garage door;
- Features the new Rot-Proof Extruded Polystyrene XPS End Block that offers several advantages to the traditional wood end blocks.

## TECHNICAL INFORMATION

### Door elements

- 1 WEATHERSTRIP AND HORIZONTAL JOINTS** provide complete watertightness. No air circulation between the panel sections.
- 2 POLYURETHANE FOAM INSULATION PRESSURE-INJECTED** between the interior/exterior faces to create a light and strong composite panel. *Insulation: RSI 2.81 (R-16)*
- 3 EXTRUDED POLYSTYRENE XPS END BLOCK** **AN EXCLUSIVITY OF GAREX** offers better friction to screwing, preventing screws from loosening, improves the rigidity of the panel, better mechanical resistance, and better resistance to moisture (the extruded polystyrene XPS end block is rot-proof).
- 4 FLEXIBLE RUBBER** inserted into a PVC reinforced moulding offering a tightly sealed fit to the floor.
